SEE THE BENEFITS

of the Cleanmaster Dual Speed Floor Machine

Warranty: "Best Warranty on the Planet" – 5-years on motor, transmission and chassis.

- Powered by a precision-balanced, 1.5 HP 66-frame D/C rectified motor with triple-planetary gears. Eliminates burn-outs, low voltage and startup torque problems for fast, easy scrubbing.
- 175/300 RPM dual-speed brush – the versatility of two 1.5 HP machines in one!
- Strong, all-metal polished reinforced aprons. Easy to clean and look newer, longer! Choose from 17", 19" or 21" apron sizes.
- All metal chassis gives added weight for a faster, longer lasting and brighter shine.
- Scrub with a brush 2" smaller than the apron size, or a pad and pad driver 1" smaller than the apron size. Easy brush mounting with a B/92 style clutch plate.
- Safety-enhanced interlock switch on the handle leaves both hands conveniently in control.
- Safety-enhanced, non-conductive dual triggers on the handle eliminate shock potential.
- 48" tall handle is fully adjustable and is comfortable for all operators.
- Non-marking, super-thick bumper protects walls and baseboards.
- Includes 6" non-marking, fixed operating wheels for easy transport.
- Includes (1) 50-foot, 14/3-gauge safety power cord. Motor plugs into cable at the base of the handle for easy maintenance.

APPLICATIONS

- The Cleanmaster Floor Machine, which also may be more traditionally referred to as a "Floor Buffer," is specifically designed for cleaning, scrubbing or stripping floors.
- Choose the size that best fits your job. The apron size depends on your floor area.

OPTIONAL PAD DRIVERS

Includes Riser and 92 Clutch Plate

16" HIGH-SPEED CUSHIONED PAD DRIVER

Part No: 1709

18" HIGH-SPEED CUSHIONED PAD DRIVER

Part No: 1909

20" HIGH-SPEED CUSHIONED PAD DRIVER

Part No: 2109

ORDER SEPARATELY

A complete order includes one base unit with one or more aprons. Order brushes and pad drivers separately.

Choose from three sizes:
17", 19" or 21" models available!
